

Our laundry machines are leased from the **WASH** company. They maintain them, we collect the revenue.

If a machine is out of order, please contact WASH at **800-342-593**. If you have a smart phone you can download their app: **Fix Laundry**.

Open the app, follow the simple instructions. Each machine has a unique number and location which is signified by the three letters and three numbers. Or you can send them a photo of the barcode.

Or at their website: **www.fixlaundry.com**
