1. WHEREAS, It is apparent that preventive maintenance is needed to avoid expensive sewer backups of entire buildings, and since it appears that roots from trees and other forms of plant growth have sought out moisture and invaded the lateral sewer system leaving from the buildings to the main sewers; and
2. WHEREAS, It is the intent of this Board to contract for an annual spring cleaning of the lateral sewers of the Mutual as a preventive maintenance measure, provided a reasonable bid can be secured to perform the work; now, therefore, be it
3. RESOLVED, That the Physical Property Supervisor is authorized to develop specifications for such cleaning and invite responsible bidders early each calendar year so that the Board may consider the resulting bids with a view to awarding a contract.
